3) Quoting xxxxxx:On our course calendar it requires OWL2 (MC 1-2) due at 2 am tomorrow. I ordered my books earlier this week, but this book was reordered by the bookstore and not sent until today. I do not have the access code to sign up for OWL2, or the book to read Chapter 12. I tried to register for a trial account, but could not find the 7th edition available on OWL2. The book was sent next day, so I should have the book by tomorrow evening and can read and complete the assignment then. However, the assignment will not be completed before 2 am tomorrow. I'm assuming that having the book in hand will not make the 7th edition show up on OWL2. If I'm looking in the wrong place (GOB Chemistry) please let me know.

Thanks,xxxxxx
